

On Whether Allies Should Stay In City

**Adenauer Requests
Vote by W. Berliners**

WASHINGTON (AP)—U.S. officials today began a friendly but cautious inspection of Konrad Adenauer's plan for a pre-summit vote by West Berliners on whether the Allies should stay in Berlin.

The West German chancellor launched his surprise suggestion in a speech to the National Press Club Wednesday.

The State Department termed Adenauer's Berlin proposal "very interesting" and said it had no doubt West Berliners would vote overwhelmingly to keep their Western protectors.

It promised consideration of the plan at the pre-summit strategy huddles now under way among the Western Allies, after the West Germans supply a formal proposal spelling out what Adenauer had in mind.

The 84-year-old Adenauer acknowledged Wednesday he had not mentioned the idea to President Eisenhower during their lengthy meeting at the White House Tuesday. He said he had thought of it only Wednesday morning.

As Adenauer pictured it, a West Berlin plebiscite rejecting Nikita Khrushchev's demand that the big powers pull out of the city would strengthen the U.S., British and French chiefs when they meet the Soviet Premier at the summit conference starting in Paris May 16.

Khrushchev had called for withdrawal of the World War II occupying powers so Berlin can be-

Clergyman Discusses Possibility of Fifth Gospel

When an Egyptian farmer uncovered several musty leatherbound papyrus volumes in 1945, some authorities speculated that the 144 "sayings" of Jesus contained in the manuscripts were actually a "Fifth Gospel" compiled by the Apostle Thomas.

Why call these 144 disconnected "sayings" of Jesus a Gospel? others demanded. What about those sayings that conflicted with the teachings of Jesus in the four Gospels accepted by Christendom?

And why are the sayings so mystical and obscure?

For the answers to these and other questions to this fascinating riddle, don't miss the article, "The Truth About 'The Fifth Gospel!'" by the Rev. Don Cleveland Norman, a leading Bible expert. It's in Family Weekly, distributed with your Saturday Edition of THE SALEM NEWS.

Battle Continues In House**Backers of Rights Provision Score Wins Over Dixie Group**

WASHINGTON (AP) — Southern Allies' position was reaffirmed by Eisenhower at his news conference Wednesday when he said the Allies will not abandon their rights in Berlin except under a reunification of Germany.

Adenauer noted Khrushchev has been calling for self-determination for groups outside the Iron Curtain. He suggested the Communist-encircled West Berliners be asked something like this:

"Do you want or do you not want the present legal status of Berlin to continue until reunification?"

The vote would be only an expression of opinion, not legally binding on the occupying powers.

But the Adenauer plan raised questions which restrained Washington from rushing to endorse it. Can a vote in sprawling West Berlin be held quickly enough to meet the May 16 deadline?

Can the question be put to the voters in words that will give clear meaning to their ballots, yet not cramp the Western Allies unduly at the summit negotiations?

Chemist Acquitted In Burning of Wife

RAVENNA, Ohio (AP)—A common pleas jury has acquitted Isaac Mohammed Khan, 32-year-old Brimfield Twp. chemist, of charges in the burning of his wife, Helen, last July.

Mrs. Khan, 32, was critically burned at the couple's home during an argument in their chicken coop. Each accused the other at the trial of tossing a flaming can of fluid.

Khan, who went on trial here Monday on a charge of assault with intent to kill, was embraced by his brother, Yasim, who leaped over a railing when the verdict was issued in the Portage County court Wednesday.

Mrs. Khan, still confined to Robison Memorial Hospital with second and third-degree burns, had appeared in court to testify. She has filed for divorce.

SENTENCED TO PRISON

CLEVELAND (AP)—A jury in the courtroom of Common Pleas Judge Joseph A. Artl decided that an automobile was a deadly weapon. The jury Wednesday found Thomas R. McGowan, 29, of Cleveland guilty of assault with his car. Judge Artl sentenced McGowan to a 1-to-5-year penitentiary term.

McGowan chased Joseph Negri, 33, of Willoughby, in his auto and ran over him after a traffic accident, according to Negri and other witnesses.

NEW BOARD MEMBER

COLUMBUS, Ohio (AP)—George O. Pachuta of Piketon has been named the new Democratic member of the Pike County Election Board to serve out the unexpired term of the late A. S. Keechle of Waverly. Secretary of State Ted W. Brown announced the appointment. Keechle died shortly after reappointment to a four-year term starting March 1.

tisan civil rights group were taking for granted approval of the referee plan and talking of writing in a ban on poll taxes.

The House Wednesday adopted, 180-120, provisions to avoid legal delays that might be used to keep Negroes away from the polls even after they took the cases to federal referees. The bill as amended

now provides for provisional voting in unsettled cases, with the ballots to be kept separate until final determination.

This provision helped solidify the support of some Northern Democrats who objected to the administration-inspired bill as too weak.

The next key vote beat down, 149-121, a move by Rep. Edwin E. Willis (D-La.) to require strict proof by applicants that they were refused voting rights solely because of race or color. Civil rights supporters said it would defeat the bill by making possible endless lawsuits.

Inside Labor

By Victor Riesel

It must be said that one of the truly big things about James Hoffa is the currency of his activities. Teamsters across the land pay some \$5 million dollars annually in dues to the Teamsters' International Union at a minimum of \$1.5 million. This money is being poured into regional campaigns not only to defeat the 56 congressional purges, but to back opposition candidates in the hard currency more southern primaries.

More than 10 million Add to this was \$240,000 spent last year for lobbying and the \$185,000 has been listed for something called "legislative expense" and you see how quickly the half millions begin to add up.

Chief and his brotherhood in power.

Rarely has any labor leader directed the expenditure of so much of his people's money.

An analysis of Hoffa's own national headquarters financial report discloses that the authorized outlay of \$1,683,848.04 for "organizing campaign expenses."

No other union spent that much in drives for new members. Yet the Teamsters' own records reveal that they added only 40,000 members last year.

But that's only half the story. The standard operating procedure inside labor calls for local units to pay a minimum of half the organizing expenses.

This means that the regional Teamsters' outfits dropped some currency of their own into the hats— at least another couple of million.

THUS IT COST Hoffa and his colleagues more than three million dollars to pick up that new batch of members for the fraternity.

This, of course, doesn't include the hundreds of thousands of additional dollars which the local boys spent for the one night stands of Hoffa and his personal troupe, sometimes spelled t-r-o-o-p. Such as Monday night's Madison Square Garden one-man show—the one man being Hoffa, always of course.

A cost accountant would estimate the tab at some \$50,000 for the evening.

The Garden ran some \$6,000 alone for rental. There were three to four thousand dollars in extras before the lights went up. Additional hard currency went for loud speaker trucks which toured the city, especially around the big taxi garages.

Thousands of dollars more went for printing of tickets, advertising placards and handbills.

Buses were hired to pick men up at union headquarters ranging from New York's street sanitation local to outlying spots in New Jersey and Connecticut.

There were at least 10 special planning luncheons and organizing meetings in a mid-town hotel.

Hundreds of dollars were spent in mailings to some 150,000 members. I haven't the actual entertainment cost but at least \$3,500 was offered around town for a master of ceremonies.

ON A SMALLER SCALE similar meetings have been held for Hoffa and his political adviser, Sidney Zagri, in several score cities which the boys reach frequently by chartered planes. Typical sessions were the ones in the Milwaukee Auditorium and Boston's Hotel Kenmore.

Hundreds of thousands of dollars were spent on a national network of publicity men. The home office lists its public relations bill at \$177,743.20 in 1959. There are public relations men on regional payrolls whose talents go for \$25,000 and up.

There's plenty left for politics. Hoffa himself has put that expendi-

ture at a minimum of \$1.5 million. Hoffa is entitled to his idea of a minimum. Political experts have her daughter, Carla's 4th birthday. Miss Mary Myers assisted in serving lunch.

Mr. and Mrs. Paul Tharp were honored by the fellowship Class of the Christian Church Saturday. Mrs. Paulina Sloss conducted the devotional period and Mrs. Harvey Trough the games. The Tharps will be moving to Cambridge soon.

The Pleasant Valley Chapter, Order of Eastern Star, met Thursday in the Masonic Temple. Annual Inspection meeting and dinner was announced for April 28.

Mrs. Nellie Sinclair was a guest when the Town and Country Club met at the home of Mrs. Anna Copeland Thursday.

Victor Riesel

called the Teamsters' own "Anti-Racketeering Committee." It cost \$54,186.08. A mere bagatelle.

Hoffa's person-to-person and cultural exchange programs are expensive operations.

Who's Driving the Bus?

When President Eisenhower appointed James W. Riddleberger to direct International Cooperation Administration a year ago, the move made little news. There was a brief skirmish over the partisan politics of the appointment, then all was quiet.

With due respect to the director, this is the trouble with the job he is doing. His organization is under the Department of State. Though ICA spends a total of about \$3 and a half billion dollars a year, which dwarfs the cost of the rest of the State Department, it does not spend this money in a way that makes its operation come under day-by-day observation.

This has given rise to a public psychology about foreign aid that causes the billions spent under that heading to be under continual suspicion. No news is not good news.

A bipartisan study mission of members of the House of Representatives has gone afiel to look into foreign aid. It has learned what everybody has learned on similar missions.

THE FOREIGN AID program has done a tremendous amount of good. But in the course of spending tremendous sums of money since the end of World War II, it has wasted tremendous sums, too. Some of its projects have been addle-headed. All of them have been cursed with money-happiness, an affliction common in Washington.

Money-happiness is an obsessive belief in the magic properties of spending. It is a cross-over from the fact U.S. free enterprise has produced wealth to the supposition it can make other nations achieve free enterprise

if it gives them some of the wealth it has produced.

The House commission thinks the best thing that could happen to ICA would be to clamp a lid on its spending, in the hope of inspiring it to do more to help ICA beneficiaries increase their own wealth, while saving the wealth of the United States.

MORE IS REQUIRED here than a revision of policy behind the scenes. ICA needs to be brought into the open and given a public identity. Its director needs to be as well known as other government personalities whose organizations spend a fraction as much as his agency.

This is a problem in administration. One of the members of the House study mission asserted: "This executive agency must accept full responsibility for the recurring charges of maladministration. In spite of repeated evidence of maladministration over the last several years, there is no indication of administrative corrections."

This is a familiar refrain. ICA is responsible for spending billions, yet is not held to account for the way it spends them. Taxpayers who put up the money are held at arm's length by a mist of obscurity. ICA's operations cover the world, yet the only way to cover the ICA is to globe-trotting and make a report that will be filed and forgotten.

Who's driving the bus? Mr. Riddleberger? Secretary of State Herter? Some assistant secretary of state? President Eisenhower? Or is the bus just rolling along—the juiciest "gray train" in history, with no destination and no schedule?

Trials of the Traveling Diplomat

People who think "diplomacy by travel" is a lark for the big-time politicians who engage in it have had a rare opportunity to see how wrong they are.

Because globe-trotting Nikita Khrushchev fell victim to so mundane a conqueror as the flu bug, high-ranking and low-ranking officials of both Soviet Russia and France have been thrown into a maelstrom of activity trying to make sense out of the chaos left in the wake of postponement of a two-week visit.

In Paris, bunting already in place for the Red boss' arrival had to be hastily removed and piles of steel barricades had to be toted away. They will all have to be trucked out again eight days hence.

A thousand anti-Communist refugees will either have to spend an extra eight days on the Isle of Corsica—where they were sent for safekeeping—or be sent home and back again later at tremendous expense.

Anti-Reds who were allowed to remain in Paris will have to go to work all over again scribbling "Budapest" over public buildings with chalk:

South Bypass Needed

The State Highway Department's postponement of plans to reroute truck traffic away from downtown Salem by use of a suggested Pidgeon and Depot Road bypass underscores the need of a south bypass more than ever.

It is understandable how residents would protest the additional traffic, as do the S. Lincoln Ave. property owners who have been trying to combat it for years.

However, talk of a south cutoff for Route 45 traffic has been going on for 10 to 15 years and a partial bypass was built six years ago when the Pidgeon Road was widened and extended westward to Newgarden, where it deadends.

The State Highway Department does have plans for another Route 45 diversion—a completely new road which would cut across open territory several miles south of Salem but yet intersect with the important roads leading into the city. This new highway is definitely being considered by the state, but local and county officials should make every effort to push for its construction at an early date.

Highway relocations are being made elsewhere throughout the state. Salem deserves at least a small share of attention.

Once Over

"I must consult a lamp post and see what to take for stomach acidity," we thought we heard the man say, tossing his wife the suggestion, "When you go out check on the posts to see what's new in the theater, grocery chain bargains and detergents." But it turned out we were a little groggy over the proposed raising of city funds through the sale of advertising rights on lamp posts. (We always thought the posts were for lights, mailboxes and drunks with defective steering gears.)

New York's fight to raise money through "the lamp post with a commercial" is no purely metropolitan issue. Suggestion can appeal to burgomasters of economically distressed cities all over the U.S. Citizens coast to coast had better watch out.

If a city has to go that far for dough why not huge sales pitches on police squad cars, mayor's limousine, snowplows, fire engines, voting booths, City Hall walls and even "NO LEFT TURN" signs?

Time could come when the metropolis could make both ends meet only if a mayor, police commissioner and city councilmen paraded as sandwich men with signs plugging dentifrices, cough syrups, pancake mixes, etc. Fancy harassed burgomaster with a sandwich sign reading "Do You Have Headaches?" The wife thought lamp-post bill had been

Official schedules which had been arranged around the activities of the foreign dignitary have been left in a shambles.

In the French hinterlands, public and civic leaders will have to play all over again the events slated for the nine days Premier Khrushchev intended to spend outside the capital city. For some of them, however, there will be nothing to do since rescheduling reduced the length of the visit by two days.

In Moscow, an equal amount of paper work must be done to mend the damaged schedule. Decisions must be made on which two days of touring must be dropped. And Soviet security agents must be dispatched again to France to scour Mr. K's route for possible booby-traps.

The only fortunate aspect of the whole episode is that the visit could be rescheduled at all. There was barely time to cram it in before French President De Gaulle takes off for a state visit to England and then to the United States.

SUEZ DELAYED the inevitable. Then United States producers ran

little wonder that personal weariness or miserable weather or risky engine trouble or other adverse developments are not enough to stay the voyage of a President of the United States or a Premier of Soviet Russia.

It takes something as formidable as a virus to pull the chain on the top-level whistle stop tour.

Salem Town Hall

Another Salem Town Hall season — the 17th — has come to a close. Speakers heard during the programs which began last October took their listeners to distant corners of the globe in a rewarding adventure.

Although Town Hall is a civic project in adult education, frequent programs attract high school students. Nationally and world-renown speakers fill the platform at the Junior High auditorium to lecture on timely topics and share the knowledge they have gained through observation on widespread travels.

A community-inspired group of citizens is responsible for the perpetuation of the Town Hall programs year after year. Why not let the committee know what you liked, or didn't like, or who you'd like to hear next year. And, while you're at it, any public donation sent to "Salem Town Hall" in care of local banks will keep the programs coming year after year.

Unions And World Trade

By RAYMOND MOLEY

hard into the challenge of the industrial plant capacity of Europe and Japan.

Some found that their labor costs made it impossible to compete abroad or even against imports in this country. Some folded, cut back, turned to other lines or established subsidiaries abroad.

Many local unions have been alarmed by these developments and have urged greater protection through tariffs and quotas.

Others have shown growing concern over the rising tide of goods flowing from foreign assembly lines and shops.

Today, the AFL-CIO clings to free trade in its program for mankind but with certain very interesting qualifications. The most astonishing is its stand for the imposition of "fair labor standards in international trade."

The AFL-CIO Economic Policy Committee has spelled out how this should be done: "There should be an obligation upon all countries to see to it that wages and working conditions in exporting industries fully reflect the productivity

and the degree of technological advance of such industries and of the national economy."

Following a rambling discussion in which extraneous statistics are used to prove that the "United States is not outpaced" the committee maintains that to compete in the world market "American companies are going to have to buckle down to a real selling job if they are to retain the markets they built up in the years when the United States had little competition in the world market."

Recently the Connecticut State Labor Council, AFL-CIO, at its convention underlined the committee's views.

Connecticut, a resolution points out, has been hard hit by imports of textiles, hats, apparel, plateware, typewriters, sewing machines, brass fabricating and rubber footwear.

"Substandard wage levels or working conditions are clear evidence of the existence of unfair competition in international trade and should be eliminated as rapidly as possible," The resolution says.

"We also urge that where it is clearly demonstrated that jobs are being lost by American workers . . . consideration be given to the placing of adequate protective tariffs and quotas on typewriters and other products that are affected by foreign imports which now enter this country free and clear of any import duties."

ANY EXHORTING by the United States of other countries to see to it that they change their economic ways would be unfortunate and damaging to our position. The imposition of domestic policies by treaty is against what we have stood for in the past and if we stand for nothing else we stand for freedom and self-determination by our friends throughout the world.

This does not mean that voluntarily many countries, including the United States, might not do well to reassess their economies to determine what they can produce most efficiently.

The Free World is undergoing a dynamic change and its economies are subject to this condition.

Dodd's Revelation

By DAVID LAWRENCE

Blames Russia for 'Swastika Epidemic'

Sen. Thomas J. Dodd, (D-Conn) has made a startling revelation of the extent to which the Soviets have carried on an intensive campaign of anti-Semitism. As a former executive trial counsel at the Nuremberg War Crimes Trials, Mr. Dodd has no illusions about Nazism and the traces of it's bigotry which may remain in both West and East Germany today. But his more than 10,000 words—just presented to the United States Senate points the finger of blame for the recent "swastika epidemic" on the Soviet government itself.

"How does the free world react to the merciless persecution of the 3,000,000 Jews in the Soviet Union? It closes its eyes to it. Instead of protests and indignation, we witness demands for increased trade with the Soviet bloc, for stepped-up cultural exchange programs, for state visits by the Soviet terrorist-in-chief."

Sen. Dodd says that, encouraged by the reaction of the free world to the Swastika incidents, "the Communist propaganda apparatus had a field day." He adds that "the ultimate goal of this propaganda" is to obtain control of the city of West Berlin.

THE CONNECTICUT senator explains that he cannot escape the feeling that the evidence of Communist involvement in the Swastika-painting episodes unearthed by the West German authorities "tells only a small part of the story." He continues:

"Since the end of the war the chief breeding place of the virus of anti-Semitism has not been Germany nor has the chief instigator been the neo-Nazi movement. The chief breeding place has been, and remains today, the Soviet Union. The chief instigator is the Communist International."

Sen. Dodd notes that "for some strange reason, the terrifying story of persecution of the Jews under Communism has not penetrated the public consciousness of the free world."

He gives example after example of what is going on inside the Soviet Union in the operations of anti-Semitism. He says with respect to the Soviet Union:

"So far as is known, no Jew is to be found in the foreign service (of the Soviet Union), among the higher ranks of the armed forces or in the various military academies."

"Jews are also excluded from leading posts in the Communist party, from the central party newspapers and the foreign section of the Soviet press. Jews are progressively being excluded from admission to the universities."

Mr. Dodd declares that, as he was finishing his analysis, he received a communication from a group of professors of the social sciences division of Fairleigh Dickinson University, who had toured the Soviet Union last summer.

He says they had been "appalled" by the many evidences of Soviet anti-Semitism. They wrote:

"Our observations have led us to the unhappy conclusion that anti-Semitism in the USSR is not an atavistic remnant of czarist Russia but is the official policy of the government of the USSR."

Snow Wonder

By TRUMAN TWILL

Haven't invented anything lately. Been too busy getting bugs out of some old inventions.

Like the snow blower for the bottom of automobile. Optional equipment. Very popular for snowy climates. Sucks up all snow from pavement and blows it out through hole in roof.

No one ever needs to get stuck again with Doc Twill's high velocity snow blower. Can be installed on used cars at any filling station in 15 minutes. Runs an hour on gallon of gas. Lasts forever.

Then there's the built-in hydraulic jacks for all four wheels. Push-button control. Car stuck on ice? Car stuck against the curb? Push a button and there you are — two feet in air. Handy-dandy feature that can be hooked up in connection with Doc Twill's inside-out tire sander.

This amazing electronic device releases fine sand through microscopic openings in tire, itself. Sand particles lie inert on interior of casing until released by this amazing new device, available only on most expensive Italian custom-builts until Twill went to work on homegrown product.

Also retractable scoop. Built into grillwork. Closest observer cannot detect. In case snowdrift looms ahead, simple mechanism with manual controls releases snowblade of professional design to clear pavement ahead without use of chains or bulky paraphernalia.

Be the first in your neighborhood to own a Twillscoop. Mr. Alex Murfee, Bangor, Me., writes: "In one snowy weekend here I paid for my new Twillscoop and am looking forward to many happy years with this device."

Another boon to mankind is my revolving windshield. Does frost and mist trouble you on cold mornings? Why be half blind waiting for windshield to clear up? Why risk offending others with a spray-spattered peephole while traveling behind trucks?

Amazing new windshield revolves — that's right, "revolves" — in continuous detergent bath that removes.

Beauty A LA MODE

WELL-KEPT HAIR

For festive occasions, a sparkling accessory in the hair does add allure. Before you even think of calling attention to your hair in this way, you must ask yourself if your hair is well-groomed. Is it squeaky-clean? Free from dandruff? Brushed to a high sheen? Is your hair style becoming? If your hair is less than lively, glossy and well cared-for, you must do something about it before that special party or dance.

If your hair is less than it might be in any way, you have an early appointment with us. It will make such a difference in your appearance.

The Social Notebook

MAX GARD OF LISBON was guest speaker at the dinner meeting of the Women's Auxiliary to the Columbiana County Medical Society Tuesday night at the Lisbon Masonic Temple. Ladies of the Eastern Star served dinner to 17 guests.

Mrs. A. P. Falkenstein of Salem conducted the short business meeting when a dinner-dance was planned for April 23 at the Salem Golf Club.

"History of Columbiana County" was Mr. Gard's topic.

THE SOCIALMEETING of the Elks Auxiliary was attended by 30 members Tuesday evening at the Elks Home.

Mrs. Clarence Schmid presided at the meeting when plans were made for the family night observance for all members of the Elks and their families, to be held April 1. The house committee is in charge of arrangements.

Following the meeting, the group enjoyed playing "Cootie" with prizes going to Mrs. Schmid, Mrs. Paul Lau, Mrs. Henry Meissner and Mrs. Frank Kesselmeier. Mrs. Tom Nedelka, Mrs. Willard Slack and Mrs. Walter Alesi were in charge of the entertainment.

The social committee was comprised of Mrs. John Coughlin, Mrs. Bush, Mrs. James Hassey, Mrs. Lloyd Robusch and Mrs. Ed Blackburn.

The next business meeting is April 5.

MRS. F. R. CROWGEY was guest speaker at the Progressive Mothers Club meeting Tuesday evening at the N. Union Ave. home of Mrs. D. J. Smith.

She showed slides of her recent European tour. These were highlighted by a commentary including many interesting legends and facts.

Green and white appointments graced the buffet table when the hostess and her assistant, Mrs. Lester Bateman, served refreshments. Mrs. Clyde Miller presided at the coffee service.

Guest night will be observed at the April 19 meeting at the home of Mrs. Allan Chandler of 167 W. 10th St. Guest speaker is Mrs. D. A. Bode of Youngstown, the 1957 Ohio "mother of the year."

THIRTY-FIVE members of the Travelers Club attended its regular meeting Tuesday afternoon at the Smucker House.

Mrs. Joseph Pidgeon's paper on "Peter Paul Rubens (1577-1640)" was presented by Mrs. David Cope. She portrayed the great Flemish painter of solid but undistinguished origin as a court gentleman whose art training came from Italy. He soon became head of his own school which used almost modern production and business methods. He is famous for his circular paintings and healthy and robust nudes.

Mrs. Harry Krohne presented a paper on "Velazquez (1599-1660)." He lived a blameless life in Seville at a decadent period (17th century Spain). A master from the very start of his career, he was the king's portrait painter at the age of 23. He remained a true nobleman first and a great painter second. He painted without preliminary sketches, the real and not the improbable.

Two book reviews will be featured at the club's final meeting March 29.

MRS. RAYMOND KERR was a guest at the Tuesday evening meeting of the Unique Club at the home of Mrs. Al Zoccolo of 347 Rea Drive.

A gift was presented to Mrs. Walter Woods for her infant son, Larry Edward.

Five hundred prizes went to Mrs. Val Ciotti and Mrs. Kerr, with Mrs. Dominic DeReinzo receiving the special prize.

Mrs. Henry DeReinzo received a birthday gift from her secret pal.

The hostess served refreshments, using appointments in keeping with St. Patrick's Day.

Mrs. Woods of RD 2, Salem, will entertain the group March 29.

MEMBERS OF the Chatterettes Club were entertained at the home of Mrs. Don Wutrick of North Georgetown Tuesday evening.

Mrs. Claire Weingart was welcomed as a guest.

Five hundred was the diversion with prizes going to Mrs. Roger Sittle and Mrs. Sam Greenawalt, with Mrs. Weingart receiving the traveling prize.

Mrs. Don Weingart assisted the hostess when lunch was served.

Mrs. Greenawalt invited the group to her home in Beloit for the April 19 meeting.

TWO GUESTS were present at the Happy Nine Club meeting Tuesday evening at the home of Mrs. Herbert Mercer of Damascus. They were Mrs. Charles Smith and Mrs. Bill Thompson.

Honors in "500" were shared by Mrs. Richard Clay, high, and Mrs. Glenn White, low. Mrs. Robert Buttermore won the traveling prize.

Lunch was served by hostess, using decorations in keeping with St. Patrick's Day.

The next meeting is April 19 with Mrs. Buttermore of Damascus as hostess.

TWENTY-THREE members and four guests attended the monthly meeting of the Garden Study Club.

GREENFORD BAND TO PRESENT CONCERT—Plans for the Greenford High School Band Concert are being completed for Friday evening at 8 in the school auditorium. Shown above planning the event are (l. to r.) Virginia Cook, president; Roger Ziegler, vice president; Robert Sprague, director; and Darlene Beck, secretary-treasurer. The band is comprised of 60 members. Proceeds from the concert will be used to finance the band's trip to the District 5 band contest.

Monday evening at the Smucker

House.

The president, Mrs. Clyde McFeely welcomed the guests, Mrs. Joseph Hurray, Mrs. Robert Hamilton, Mrs. Ruberta Miller and Mrs. Henry Wolfgang, and conducted a short business meeting.

The exhibit committee awarded ribbons to the following members:

Blue, Mrs. Fred Crowley Sr.; Mrs. William Lowry; red, Mrs. Lee Christen, Mrs. Leo Edwards,

for their arrangements of weathered wood and dried materials.

Mrs. Martin Roth reported that the Garden Center sponsored trips to the Cleveland Flower Show were well attended.

Program chairman, Mrs. Louis Weirick introduced Mrs. H. E. Parham of Youngstown, who spoke on "Gardening Is Fun." She stressed that chemicals should be used with caution, if used at all.

The hostesses were Mrs. Ned Massa, Mrs. Mabel Duncan, Mrs. O. A. Naragon and Mrs. Ray Greenisen.

A tour of McArdor's Greenhouse is planned for the April 11 meeting. Members are to meet at the Smucker house at 7:45 p.m.

TWO GUEST speakers highlighted the regular meeting of Home Rebekah Lodge Tuesday evening at the IOOF Hall. Eighteen guests enjoyed a coverdinner prior to the meeting.

Mrs. Nina Jones spoke on the work of the Red Cross and Mrs. Augusta Ibelis discussed the home nursing program.

Mrs. Edward Alexander reminded the group of the benefit to be held April 16 at Weir's Wallpaper Store.

A cancer dressing project was planned by the members.

Mrs. Clemmer Greenisen and her committee were in charge of the dinner arrangements.

The next meeting is April 5.

THE KING'S Daughters Class of Greenford Lutheran Church was entertained Monday evening at the home of Mrs. Charles Everson of Canfield. Fourteen members and two guests, Miss Ruth Crumbacker and Mrs. Harvey Ewing, were in attendance.

Mrs. Ross Brunner was devotional chairman.

The book, "Only in America" was reviewed by Mrs. James Dickson.

The place of the April 4 meeting will be announced.

COTERIE CLUB members met Monday evening at the home of Mrs. T. L. Sauerwein of Depot Road, with Mrs. Joe Gologram as hostess.

Secret pal gifts were exchanged for St. Patrick's Day. Game prizes were won by Mrs. Sauerwein and Mrs. Bruce Sullivan.

St. Patrick's Day appointments were used when the hostess served lunch.

Mrs. William Manning will be hostess at the April meeting.

THE WOMEN'S Association of the Salem Golf Club will hold a benefit tea and card party Tuesday at 1 p.m. at the Club. Members and guests are invited to attend.

Nadene Barnes to Present Mt. Union Recital Sunday

One of the most unusual recitals in the history of the Mount Union College music department will be presented by Miss Nadene Barnes, a Goshen High School graduate, in her senior recital Sunday afternoon at 3 in the Union ave. Methodist Church at Alliance.

Most students demonstrate their musical ability in a single form, or even two talents, but it is rare to attempt three musical forms.

Miss Barnes is in the latter class as her recital will consist of vocal selections as well as instrumental pieces for both the organ and the piano.

Versatility is nothing new for the daughter of Mr. and Mrs. Donald Barnes, RD 1, Salem. She has been a member of the Barnes Family group which has averaged more than 7,000 miles and appearances in 50 churches a year.

While performing with her family, preparing for graduation in June with a B.M.E. degree, practice teaching at Parkway grade school in Alliance, and instructing 20 piano students in private lessons, Miss Barnes is a member of Mount Union College band and choir.

She is vice president of Mu Phi Epsilon, national women's music honorary. This group will hold a reception in the church parlors immediately following the recital. It is open to the public.

Miss Barnes will present three

Democratic Chairman Says He Won't Resign

NEW YORK (AP) — Democratic National Chairman Paul M. Butler says he has no intention of resigning—as demanded by Sen. Hubert H. Humphrey of Minnesota.

After that declaration, Butler said he would make "no further comment about Sen. Humphrey's remarks, though it distresses me to have those remarks come from a person I so greatly admire."

Butler also denied at a news conference Wednesday that he had used his party position to favor Sen. John F. Kennedy of Massachusetts, one of Humphrey's rivals for the Democratic presidential nomination.

Butler, however, refused to deny or admit that he predicted last Monday that Kennedy would win the nomination on the first convention ballot. The chairman was reported to have made the prediction anonymously to a group of reporters at the National Press Club in Washington.

Columbiana to Get Gas Rate Increase

COLUMBIANA — First reading was given by Council to an ordinance setting up a new rate contract between the Ohio Fuel Gas Co. and the village of Columbiana when Council met Tuesday night.

The rate, which the utility said averages out to about 5.4 per cent increase, will become effective after the third official reading of the legislation April 19.

Effective for a four-year period, the new rate schedule concentrates the increase in the lower consumer bracket and actually means a decrease in gas bills which run \$25 or more a month, the utility explained.

IN ANOTHER ACTION Council accepted the \$2,170 bid of the Columbiana Motor Co. as the lowest for supplying a new one-ton truck for the village electric department. It will replace a 30-year-old Model A Ford truck which is used for service of elevated lights and wiring. A hand crank-operated ladder will be transferred from the old truck to the new Chevrolet.

Council also accepted bids on deposit of village funds. The Union Banking Co. will continue to serve as depository for inactive funds of the village. It offers a probable 3 per cent interest rate. Citizens Savings Bank will remain the de-

pository for the active funds at no interest. The resolution is effective for two years—until March 1, 1962.

Another discussion on fluoridation of the community water supply was conducted at the start of the Council meeting. A number of citizens were on hand to support the proposal, chiefly from the Mothers Club. There also was one opponent present.

Councilman Wayne Paulson, newly appointed to fill out an unexpired term, discussed the issue at some length, and raised a number of questions about safety and practicability of fluoridation. Dr. W. L. Lehman, local dentist, was present again to promote the program.

KYSER'S LANES here will be host Saturday for the district entries in the National Junior Bowling League tournament, with 15 teams from surrounding communities scheduled to roll in matches from 10 a.m. to 3 p.m. Mrs. Julius Ellis, supervisor for the local phase, said the team and individual scores will be forwarded to the national headquarters from where announcement will be made of national and district medal and trophy winners.

Murders

(Continued from Page One)

storm swept the area Monday night, obliterating footprints.

State's Atty. Warren said he was able to put together in his mind this picture of the slayings:

After checking into the lodge, the women had a soft drink, changed to hiking clothes and then set out along the rocky terrain. They were followed, perhaps by someone in the lodge area or perhaps by someone spotting them from the highway which overlooks the canyon.

The assailants—Warren believes it improbable that one man could overpower all three women—struck. "I see milling and screaming," said Warren, "with the huge walls cutting off all sound to the outside."

He visualized one of the women striking out with her binoculars, another with her camera, catching one assailant in the face. Then came the slayings. Warren expressed the view the actual killings took place outside the cave, with the bodies dragged in, each with the bodies dragged in for concealment.

The battered opera glasses and the camera were found near the victims. The camera strap was broken, and perhaps lies under the snow. A pair of spectacles also was found.

The bodies of two women lay side by side, almost touching each other. The third was four feet away. All were face up.

140 Attend Conference on Alcoholism

One hundred and forty persons attended the conference on alcoholism Wednesday at the Lisbon Methodist Church, according to Miss Lillian Schroeder executive head of the Columbiana County Public Health League.

L. D. Bruce Falkey, director of the Cleveland Center on Alcoholism gave a talk.

A panel discussion followed. Panelists were Clarence L. Wetzel, state representative; C. H. John Padru, executive director Anti-Tuberculosis League of Summit and Portage Counties; Miss Gloria Karpinski, Ohio Pardon and Parole Commission; Dr. Lewis K. Reed, Medical consultant from Youngstown; and Falkey.

The Columbiana County Public Health League and the Mental Health Association were co-sponsors of the conference.

Rogers Ruritans To Present Show

The Rogers Ruritan Club will present "Rhapsody in Black" Saturday at 8 p.m. in Beaver Local High School.

The old-time minstrel is being presented to support the Ruritans aid for needy families and other community projects.

Featured in the show will be a number of solos, quartets and choral arrangements. The "Four Vets" of Lisbon and the "Minstrel Four" of East Palestine also will be on the program.

Tickets may be obtained from club members or may be purchased at the door.

Confab

(Continued from Page One)

Ormsby-Gore told Wednesday's session that a general agreement is urgently necessary to make sure nuclear-armed space vehicles are "never put into orbit by anyone."

He raised the specter of a satellite loaded with bombs that could be directed at any target on earth by electronic signals, placing all mankind under constant threat of obliteration.

Such a weapon has yet to be developed but he warned it could come within 10 years.

Prospects for any quick agreement were admittedly dim. The pending declarations showed the North Atlantic Treaty powers and the Soviet bloc deeply divided on basic principles of any disarmament treaty.

The rival plans put before the conference, even though containing superficial similarities, are fundamentally contradictory.

Each side envisages virtually total disarmament in three stages, but they follow different patterns.

19 Women Attend Pre-Natal Course

LISBON—Nineteen women of the 27 who registered attended the second meeting of the expectant mothers class Wednesday in the County Health Department's office, according to Mrs. Violet Peterson, county nurse and instructor of the class.

The present Lisbon dump is located off S. Market St., two blocks from the square, and is overrun with rats.

It is expected that the new dump will be in operation by April 30. Mayor Stockman said.

2 Die as Jet Trainer Crashes Into Houses

INDIANAPOLIS, Ind. (AP)—An Air Force T-33 jet trainer flamed out as it circled Wein Cook Municipal Airport after missing its first approach and crashed into two houses late Wednesday, carrying two officers to their deaths.

The pilot and his passenger either ejected their seats or were thrown from the plane as it hit the houses, half a mile northeast of the airport at the edge of Indianapolis.

The victims were Maj. Dowd F. Cooper, 38, Wheatland, Ore., and Lt. Lloyd Cogdill, 27, Clovis, N.M.

Willie Pritchett, 72, and a ten-year-old, Larry D. Crabtree, 19, were trapped temporarily in the wreckage of one house, but they suffered only cuts and bruises.

Officials said the plane had been waved off on its first landing attempt and apparently ran out of fuel. Witnesses said the engine quit suddenly.

Leetonia Band Benefit Set For Next Week

LEETONIA—Leetonia Band Mothers will hold a benefit March 24, 25, 26 at Case's Furniture Store instead of today, tomorrow and Saturday as previously planned.

Members and friends are asked to bring their donations to the store next Thursday from 10 a.m. to 5 p.m.

ICE CAUSES MISHAP

LISBON—Miss Linda Lou Kenmuir, 18, of Lisbon RD 5, was cited for reckless operation following a collision with her car and a parked car on E. Chestnut St., Wednesday at 9:30 p.m., according to police.

Miss Kenmuir was driving east on Chestnut St. when her car skidded on ice, striking the parked car owned by Earl J. Joseph, 37, of 361 E. Chestnut St., causing damage estimated as \$350 to Joseph's car and \$150 to the Kenmuir vehicle.

APPRAISOR NAMED

LISBON—David DeRhodes, 24, of Columbiana began working this week as an appraiser for the Columbiana County reappraisal program.

He formerly was employed by a bank in Salem and the F. C. Russell Co. in Columbiana.

DeRhodes will work in East Palestine. For the time being, he is one of six appraisors now working in the county.

UCT Backs Safety Program At United

United Local School students will enter a week-long safety program Monday under sponsorship of the Salem Council, United Commercial Travelers of America.

The safety program is under the direction of Miss Delores Burch of United Local School and includes farm, vehicle, home and shop safety checks.

In each category of the program, contests are being prepared for students with cash prizes being awarded the winners. A safety queen will also be selected to appear in the UCT safety parade scheduled here May 21. The queen will be competing for the title, "Miss Safety Lane of 1960."

Other awards include two cash prizes in the home safety contest where posters and other exhibits will be judged, two cash prizes in the shop safety contest for posters and exhibits, three cash prizes in the auto safety for posters, and three cash prizes in farm safety for posters and exhibits. An essay contest also is planned.

An auto safety check is being set up during the week as part of the promotion. Cars will be inspected between 9 a.m. and noon Monday through Friday on the school grounds. The check is free, with D. W. Lewis, United driver education instructor, in charge.

The safety check will include inspection of front and rear lights, brakes, steering, tires, exhaust system, window glass, windshield wipers, rear view mirror and horn.

After the second day of deliberation, Lindsey said, two women jurors referred to him as "Sambo" and "Buster Brown."

Lindsey said one of the women jurors also called juror Delores Jaimez, a man of Mexican American descent, a "Spic."

Lindsey said the racial slur ended after he suggested "I might throw someone out the window."

Genevieve Lang, who charged that one of the two dissenters threatened to throw her out the window, said: "There was absolutely no racial prejudice shown by anyone. We all treated each other with respect."

The district attorney's office also will investigate a report that a male juror made immoral propositions in notes to two women jurors.

Eisenhower Urges Congress To Double Immigrant Quota

WASHINGTON (AP)—President Eisenhower today urged Congress to let 308,000 immigrants enter the United States annually—twice the number now permitted.

In a special message, calling for liberalization of the immigration laws, Eisenhower said the nation also should make special provision for admittance "of many thousands of persons who are refugees without a country as a result of political upheavals and their flight from persecution."

The shift would admit many more from such countries as Italy which always over-subscribe quotas, and cut down the allotments for England and northern Europe which do not fill quotas.

The President's proposal face uphill going in Congress. Eisenhower has been trying without much success since 1953 for liberalization of the immigration quota system.

In urging that the number of immigrants be doubled over the annual quota of 154,000, Eisenhower called specifically for removal of the ceiling of 2,000 on quotas within the Asiatic-Pacific triangle—an area which includes

A hard-earned summer holiday discomfort lasts. From this information he can pretty well guess what's causing your distress.

He may then want to confirm his opinion by testing your skin reaction to certain of the suspected pollens.

And, when he's found out all he needs to know, he'll start you on a course of shots that should give you partial if not complete protection by the time you're ready to take off for your chosen vacation spot.

If YOU'VE suffered unduly from an insect bite or you come from a family that's known to be unusually sensitive to bee or wasp stings, you might ask your doctor how he feels about injections of a preparation called Stinging Insect Antigen (made by the Hollister-Tier Co. of Spokane, Wash.).

Most physicians who have had experience with the antigen, that has to be given by deep injection, have had encouraging success in the majority of treated patients.

What makes these results the more impressive is the fact that insect bites caused almost as many deaths in the United States from 1950 to 1954 as were caused by the bites of rattlesnakes!

Since the development of immunity is a somewhat lengthy process, I thought you might like to be alerted well in advance of the customary vacation season.

For hay fever shots, see your doctor without any further delay.

NCAA Tourney Opponents Prep For Weekend Contests

OSU to Meet NYU In Opener

Cincinnati-California Tilt Highlights Card

SAN FRANCISCO (AP) — Cincinnati's basketball team, all business on the eve of the NCAA basketball championships, won't see much except their hotel and the Cow Palace on this trip to California.

"We didn't come here to sightsee," Coach George Smith said Wednesday night when the Bearcats arrived by charter plane.

The plane was late getting in, but Smith hustled his troops, led by All-America Oscar Robertson, to the new University of San Francisco gym for a workout. Dinner could wait.

Ohio State, Big Ten champion, and New York University, the sleeper in this basketball spectacular, arrived today and will work out in the evening on the Cow Palace floor.

The two squads meet in the opener Friday night.

Then comes the Cincinnati-California game. Both teams have 27-1 records. Cincinnati, whipped by the defending champion Bears in the semifinals last year, wound up the season ranked the best team in the nation. California was rated No. 2.

The two clubs take their lone workouts on the Cow Palace floor earlier in the day.

The 16,000-seat arena has been sold out for weeks, and the demand for tickets for Friday and Saturday night games approached the ridiculous.

Three-dollar seats were going for \$10 and as much as \$30 was being offered for \$5 and \$6 seats.

Misfortune struck Ohio State Wednesday when starter John Havlicek, 6-foot-5 sophomore, injured his hand on a towel rack. Nine stitches were required to sew up two fingers on his right hand.

The wound was painful, but the Buckeye team physician said Havlicek could play in the 10:30 p.m. EST opener.

The question of who gets the job of controlling Robertson, the nation's leading scorer the past three seasons, remained a mystery.

Tandy Gillis, 66 senior who held West Virginia's Jerry West to one field goal, was deemed the most likely man to guard the Big O, but Coach Pete Newell said the important assignment is still in the air.

"It could be three or four guys," Newell said. "It might even be Darrall Imhoff." Imhoff is California's 6-10 All-America.

Remember, Oscar has been playing a lot of post this year. If it happens that way, we think Robertson will have trouble shooting over Darrall," Newell added.

Salem Cage Tourney Scheduled April 18-23

The 26th Annual Salem Little City Basketball Tournament will be held at the Memorial Building from April 18-23.

Tournament Director John W. Dawson reports that the tourney will be limited to 32 teams. Final entry deadline is April 13. Application Blanks may be obtained by contacting Dawson at the Salem World War Memorial Building, 785 E. State St. The entry fee is \$15.

Twenty eight trophies will be awarded. All games will be played in the recently remodeled Memorial Building gym. Last year's Little City tourney was held at the Salem Junior High School gym.

PERCH FISHING 'SUPERB'

COLUMBUS, Ohio (AP) — Perch fishing through the ice around Lake Erie's Catawba Island should continue to be "superb" so long as the weather stays cold, the Wildlife Division reports. Although fishing pressure is low, several anglers have reported catches of 100 or more perch in a short period, the division said.

Hardy Convinced He's Ready For Center Field Position

By CHUCK SUCH
News' Special Writer

TUCSON, Ariz.—Carroll Hardy is convinced he is ready to play center field regularly in the big leagues and he wants to play it for the Cleveland Indians.

"I've been working hard on my batting," Hardy began as he sat down to talk about his career.

It was a quiet evening in the hotel lobby and he had a good day at the park, so he was in a talkative mood.

"Joe Gordon has been working with me to try to eliminate a pumping motion when I swing. Joe wants me to wait for the ball rather than to pump as the ball starts at me. If I wait, I won't be jumping out at the pitch."

Gordon's advice has helped me, but I still hurry my hands. I stroke the ball much better than a year ago," Hardy continued.

"I think I'm much improved over last season. I worked out in the University of Colorado fieldhouse during the winter. At the end of the season I took three dozen baseballs home with me and used them in the automatic pitching machine at Colorado U."

"I worked out religiously for four weeks before I came here this spring. Now it's just a matter of getting my timing down a little better."

"I've been meeting the ball all right. But I'm not pulling the pitches which I should be pulling. The other day I got four hits, but I should have pulled those pitches instead of hitting them through the middle," he continued.

"But it's just a matter of timing which will come with more work. I've made definite strides. I improved at San Diego last year and I also improved at Seattle."

"Defensively, I know I can play center field better than Piersall. And I can prove that if I get to play regularly. Offensively, I can't get going by pinch hitting or sitting on the bench."

"There's some talk of platooning with Jim Piersall. Why platoon us? Piersall got the chance last year. After awhile, he tired and went into a slump. He had his chance. Now I'd like to have one."

TOLEDO, Ohio. (AP) — The national prestige of the St. Louis Budweisers, which took beating when they rolled a 2837 series in the team event Tuesday night, rebounded sharply Wednesday as

Dick Weber and Bill Lillard moved into upper registers of the all-events and singles divisions.

After a middling 591 in the team event Tuesday, Weber marched smartly back with .685 in the doubles and .671 in the singles to

batter his nine-game aggregate to 1947, giving him the lead in the all-events by 58 pins.

Despite a modest contribution of .562 by Ray Bluth, Weber and his longtime partner were able to snag fifth place in the doubles on a 1247 total.

After his .566 in the team event, Lillard came to life with .624 in the doubles and .661 in the singles.

His 1871 aggregate earned him third place in the all events.

Lane Trades Nixon to Boston

Cleveland to Get White, Marshall

SCOTTSDALE, Ariz. (AP) — A glance behind the Sammy White for Russ Nixon trade today reveals Cleveland is looking to the American League pennant and Boston to the future.

The veteran White, regular Red Sox catcher since 1952, was swapped for the lefthanded hitting Nixon, another receiver, Wednesday after a conference between general managers Frank Lane of the Indians and Bucky Harris of the Sox.

Boston threw in Jim Marshall,

"If we were not pennant contenders we couldn't afford to give up a fine young catcher like Nixon," Lane said. "But we need the experience of White."

"If the Red Sox were contenders they couldn't have afforded to give us White. However, they don't figure to be contenders this year and they are getting a real good hitting young catcher. White can help our young pitchers."

Should Cleveland win the pennant Trader Lane could point to a probable lineup with seven players he acquired through trades—White, Vic Power, Johnny Temple, Woody Held, Bubba Phillips, Jim Piersall and Tito Francona.

"Why was Marshall included in the trade?" Boston field boss Billy Jurges was asked.

"Because Nixon's regarded as the better ballplayer," was the reply.

"By whom?"

"By Mr. Harris and Mr. Lane," Jurges said.

White had his highest batting average, .284, last year.

But his strong point has always been his handling of pitchers and general defensive work.

New York manager Casey Stengel has dubbed White "the alligator" for his low crouch. Said Casey: "He doesn't hit and he doesn't want anybody else to hit."

Baltimore's astute Paul Richards has called White the best handler of pitchers in the league.

Nixon, 25, has been a consistently good hitter except for last season when his mark plummeted to .240.

As Gordon pointed out, Piersall is an established big leaguer. Hardy must prove himself.

Hardy began his baseball career in 1955 at Reading where he batted .265. He played 21 games at Indianapolis in 1956 before being called by Uncle Sam for a two-year hitch in the army.

In 1958, he returned to open the season with Cleveland, where he hit .204 in 27 games. He finished out the season at San Diego, where he batted .235.

Last year he hit .254 for Seattle in 66 games and .108 for the Indians in 32 games and 53 trips to the plate.

This is a big year in his career.

Akron East, New Boston Are Winners

By The Associated Press

Class AA darkhorse Akron East and Class A powerhouse New Boston got a head start on their rivals by winning Wednesday night to launch Ohio's regional high school basketball tournaments.

The Akronites walloped Euclid, 50-33, at Kent, and the Scioto County quintet shellacked Nelsonville, 73-45, at Athens. That reduced the field of contenders for berths in next week's state finals to 15 in each class.

Akron East, which reached the regional via successive upsets last week of highly regarded Akron Central and Akron South, shows a 15-8 record as it awaits a Saturday regional finals date with the winner of tonight's clash between Nilse and defending state champion Cleveland East Tech.

New Boston's towering outfit, now 23-0, faces Saturday the winner of tonight's Granville (24-0) Glenford duel.

All other regional semifinals are Friday night, the winners battling Saturday night for entry in the show-down at Columbus the following weekend.

Lopez Thinks Added Strength Should Give Chisox Pennant

SARASOTA, Fla. (AP)—Al Lopez thinks his Chicago White Sox should again win the American League pennant with the added power of Minnie Minoso and Gene Freese, and a full season from Ted Kluszewski.

The White Sox manager believes he has added some boom-boom to the go-go of last season when his club won its first pennant in 40 years by five games, with only 97 home runs and a team batting average of .250.

"A year ago at this time we didn't have Minnie, Freese or Klu," said Lopez. "I think we improved ourselves with a couple of deals without disturbing our basic players."

Will the new men change Lopez's pattern of winning with speed, tight defense and steady pitching?

"No, both Minnie and Freese fit into our style," he said. "Both can run. Most of all, they give us more power."

"They say we are an old club and point to all the men 35 or better. We do have some older players but we have age where it won't hurt—at first base, catching and in left field. We're young at short, second and third and in center field and right."

Kluszewski could make a tremendous difference if he stays healthy. The muscle man, now 35, came to the Sox Aug. 25 and hit .297 the rest of the way, not counting his three homers and .391 average in the World Series. Klu insists he can play at least 125 games. Earl Torgeson (.220) can play the rest.

Freese hit 23 homers for Philadelphia while batting .268. He will play third base. In case of emergency, Lopez can fall back on Billy Goodman (.250) or Sam Esposito (.167). He also is taking a long look at Chico Carrasquel (.223 at Baltimore.)

The second-short combination of Nellie Fox (.306), the league's most valuable player, and Luis Aparicio (.257 with 56 stolen bases) is the best in the league by far. Jim Landis (.272) is a superb center fielder. Minoso (.302 at Cleveland with 21 homers and 92 RBI) and Al Smith (.237) flank Landis. Jim Rivera (.220) and probably rookie Joe Hicks (.314 at Indianapolis) are the reserves although Jim McAnany (.276) will have something to say when he returns from the service. Harry Simpson also is available.

Sherm Lollar (.265 with 22 homers and 84 runs batted in), the club's top power man of 1959 will get more catching help from Dick Brown (.220 at Cleveland) and Earl Battey (.219).

Early Wynn (.221) is the big pitcher but he is 40. Bob Shaw (18-6) was the lifesaver last year. If Dick Donovan (9-10) and Billy Pierce (14-15) can bounce back,

Score Makes First Appearance Today

TUCSON, Ariz. (AP)—Southpaw hurler Herb Score is scheduled to make his first Cactus League appearance today as the Cleveland Indians meet the Chicago Cubs.

Bob Tiefenauer made a strong bid for a relief job when he came into Wednesday's game against Boston and retired the last six batters in order.

The Red Sox won handily, 8-2, scoring two runs in each of the first two innings off Mike Lee, the 18-year-old bonus boy. Lee, a southpaw, allowed only two hits—a single and double by Frank Malzone—but he walked six.

Jim Weaver, another southpaw, gave the Sox three runs in the next two innings on five hits.

Tiefenauer, out with a sore arm all last season, had little trouble in his stint.

Bruce One of 3 In Line for Warren Post

Salem High School Football Coach Earl Bruce is one of three men still being considered for the head coaching job at Warren Harding High School, according to Dick Olmstead, sports editor of the Warren Tribune.

The Warren Board of Education is expected to make a final decision at its next meeting Tuesday night.

Bruce, Wilson and Hal Paul of Steubenville are believed to be the

only three coaches from a large list of applicants who are still under consideration.

The Warren coaching job was thrown open late last month when Gene Slaughter resigned to accept a position as offensive backfield coach at Ohio State University.

Cope, King Topped Rebounders

Frosh Cagers Paced by Capel

Dave Capel was the leading scorer on the Salem freshman basketball squad which closed its season with a record of 12 wins and eight losses.

Capel tossed in 131 points, 22 more than runner-up Dick Stark who caged 109.

Nate Cope and Bob King, both of whom stand 6-3, together accounted for almost half the teams rebounds. Cope was high with 171. King cleared the boards 143 times for Coach Sam Pridon's quintet.

Nineteen players on the 24-man squad broke into the scoring column. These included Wayne Washington and Jim Anderson, both

of whom tallied 22 and 21 points, respectively.

As a team, the Quaker freshmen hit on 30 per cent of their field goal attempts. From the foul line they connected a poor 48 per cent of their shots.

Opponents averaged 33 per cent both from the field and the foul line.

The Salem freshmen entered two tournaments. They lost 29-25 to Chester, W. Va., in the finals of the Beaver Local tourney. They advanced to the semi-finals of the Alliance State Street tournament before being eliminated 55-52 by Alliance Stanton.

only first-year man ever to accomplish this feat in the state. He move up to the 127-pound class this season.

A total of 67 boys who participated in basketball and wrestling this winter received letter awards. Five varsity cheerleaders also were given letters.

Main speaker at the banquet was Mike Koval, coach in all sports at Hiram College. His topic was "Athletics and Scholarship." He said the two are combined as a "must" for college.

Koval also showed films of his various Hiram College athletic squads in action.

TOASTMASTER FOR the banquet was George Dunn, president of the Beaver Local Booster Club which sponsored the affair.

Invocation was given by the Rev. Robert W. Panguy of the Glenmoor United Presbyterian Church. Other special guests included Lee Kirkland, high school principal; and Board of Education members, Paul Dailey, and George Wilkinson and Clerk Harry Greenwood.

Awards were presented by Jack Frontone, varsity basketball coach; Thomas McCall and Floreal Suez, reserve coaches; and Jack O'Rourke, varsity wrestling coach. Mrs. Mary E. Thompson gave out the cheerleader awards.

More than 200 persons attended the banquet.

A banquet for spring sports, baseball, softball, track and golf, will be held at the high school on May 17.

Rangers Nipped 3-2 By Bruins

NEW YORK (AP) — Jack McCartan left for his St. Paul, Minn. home today, satisfied that he had done a good job as a four-game goalie with the New York Rangers of the National Hockey League.

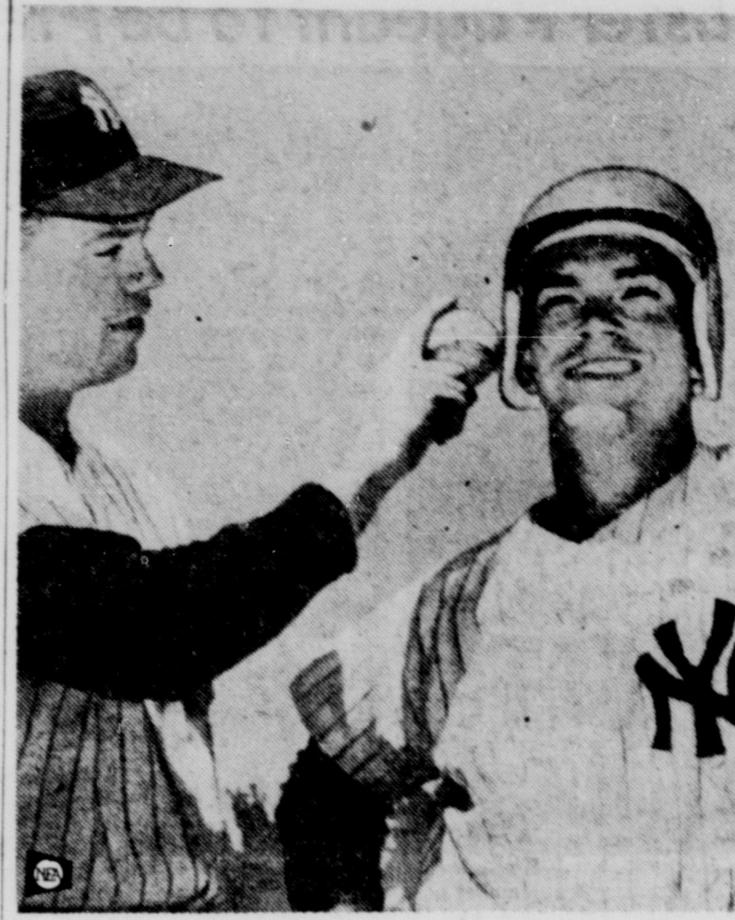

"Actually, I can't say I'm a bit disappointed, except for last night's game," said the goalie who helped lead the United States to its first hockey gold medal in the recent Winter Olympics.

The Boston Bruins stayed in the race for a Stanley Cup playoff berth, beating McCartan and the Rangers 3-2 at Madison Square Garden. It was his only loss after a victory and two ties on home ice, during which time he allowed only seven goals.

Dick Meissner's clincher in the third period was the only solid shot he let get through.

"They play the best hockey in the world up here," he said. "Everybody's so good that you've just got to stay alert and never let up or you'll be in trouble. That was the biggest thing I learned outside of getting actual game experience."

"I would say Toronto or Chicago was the best team I faced, though I would like to have played against Montreal. But I want to get home and see my wife and 7-week-old son before I go back to the Army next week," McCartan replied.

OL' BEAN — Yankee infielder Gil McDougald raps on teammate Bobby Richardson's ear, which is shielded by a new protective helmet.

Wildlife Notes

COLUMBUS, Ohio (AP) — Now police captured a rare white red-tailed hawk along the Great Miami River. He used a live pigeon to attract the hawk into its nest where he snared it in a net. Astounding, who has a collector's permit, will release the hawk after study.

And Fred Strunk, Cincinnati farm pond owner, thought he had ghosts in his pond. He reported seeing white object's moving around in it. Later he discovered they were white muskrats. The muskrats were not true albinos, as their nose, eyes and ears were a normal brown. He live-trapped five, presumably a family group.

Clark bagged his big buck on his own farm in Ashtabula County, while Rumbaugh and Ruyan took their 183-point trophy near Tappan Lake in Harrison County. The latter buck weighed 225 pounds. Health, size and other factors figure in the point totals of the winning kills.

The Wildlife Division has told the Wildlife Council it plans an all-out campaign against water weeds in state fishing lakes. Step-ped-up chemical treatment operations are planned to supplement cutter boat work. Chemical treatment will be used on selected lakes throughout the state, but the use will be cautious and will not cover large areas of any body of water.

Booming timber business is creating high demand for stumps on state forests, reports her Division of Forestry. Marking crews are behind in their work as a result of the demand. Two recent sales were announced. A 104-acre tract on Pike State Forest with a total of 218,000 board feet and a 34-acre pulp stumpage sale on Shawnee State Forest are the most recent. The timber operations clear out areas and provide an abundance of shrubs and seedling trees low enough to serve as food for deer.

Two wildlife rarities were reported this week. Lt. Ronald Autring of the Hamilton County park

had found a 100-year-old tree with a 100-inch girth.

MVC All-Star Team Announced

KANSAS CITY (AP) — Two fine sophomores share berths with All-America Oscar Robertson and two other veterans on The Associated Press' Missouri Valley Conference basketball all-star team announced today.

Chester Walker, 6-7 rookiestar of the Bradley Braves, and Cincinnati's 6-9 Paul Hogue are on the first unit along with Gary Phillips of Houston and Bob Nordmann of St. Louis.

Robertson, the 6-5 senior from Indianapolis who has rewritten practically all major college scoring records, and Phillips, a 6-3 junior from Quincy, Ill., were unanimous choices of conference coaches.

The "Big O", Walker and Phillips finished 1-2-4 in scoring in the 14 conference games. Robertson averaged 32.6 points in the league. Hogue, of Knoxville, Tenn., was a key man in Cincinnati's drive to a third straight valley title. He was at his best in the Midwest NCAA Regionals at Manhattan.

The second all-star team has Jim Guydon, Drake; Ralph Davis, Cincinnati; Pete McCaffrey, St. Louis; Ron Heller, Wichita; and David Voss, Tulsa.

REDS WIN IN HOCKEY

By The Associated Press

The three-way fight for the last two spots in the American Hockey League playoffs swung toward Providence today. But the Reds have one less game to play than Cleveland and Buffalo, a point back in a deadlock for fourth.

The Reds moved ahead of their two rivals Wednesday night by snapping the second - place Rochester Americans' victory string at seven games with a 4-3 decision. Hershey downed pace-setting Springfield 4-2 in the only other game.

Spahn Hurls Five Scoreless Innings as Braves Win 4-2

By The Associated Press
Charley Dressen, the new Milwaukee manager, has to iron out a few problems before the Braves open the National League baseball season next month. But there's one fellow he has little to worry about—Warren Spahn.

Spahn will be 39 next month. Yet, he shows no sign of slipping. He has won 267 big league games. He joined Sam Jones of the San Francisco, Early Wynn of the Chicago White Sox and teammate Lew Burdette in the 20-game bracket in 1959.

Spahn shared the star roles with Pittsburgh pitchers Bennie Daniels and Jim Umbricht in Wednesday's exhibition action. He hurled five scoreless innings as the Braves handed the White Sox their first setback 4-2.

Daniels and Umbricht, both right-handers, combined for a no-hitter in Pittsburgh's 5-0 victory

over Detroit. Daniels worked five innings and Umbricht four.

In other games, the New York Yankees downed Washington 1-0, Kansas City walloped Baltimore 8-1, San Francisco edged the Chicago Cubs 7-6 on Hobie Landry's 11th inning homer and the Boston Red Sox, led by Frank Malzone, whipped Cleveland 8-2. The Los Angeles-Cincinnati and St. Louis-Philadelphia games were canceled because of bad weather.

Red Schoendienst, who Dressen hopes will solve his second base problem, got his first hit of the spring for Milwaukee. It came during a three-run second inning off Barry Latman.

During the Indians - Red Sox game, the clubs' general managers Frank Lane of Cleveland and Buck Harris of Boston, completed a three-player trade. Catcher Sammy White and first baseman Jim Marshall moved to Cleveland in exchange for catcher Russ Nixon.

Moving Van Is Harbinger of Spring

By WARD CANNELL

Newspaper Enterprise Assn.
NEW YORK — "Rise up," it says here in the Bible, "and come away. For, lo! the winter is past, the rain is over and gone."

And so, the voice of the moving van is heard in our land. For, according to the best available statistics, beginning with the first day of spring:

1. One out of five Americans—about 41 million of us this year—starts the move from one home to another.

2. Seven out of 10 moves will be the result of job change, with ambitious young men moving onward and upward. The rest will be retired folks moving southward and exurbanites moving urbanward.

3. As usual, most of the moves will be made in two stages. The old man goes first (even though he has already secured his new job) and mama and the kids will go later with the household.

4. BUT WHATEVER the motive or manner, this growing annual American relocation far outdistances and out-peoples any migration in the history of man. And there follows one curious—but traditionally American—result.

It is known as the moving specialist or relocation analyst or area researcher or personnel recruiter and like that.

NOW, TO ITEMIZE a few—and their impact on how America lives:

The next meeting will be held

1. The relocation psychologist Deep thought has taught him that an interruption of the school term can be a traumatic experience for children—even though job changes typically occur in the autumn or spring.

Consequently, according to industry statistics gathered by a nationwide van line (Atlas), the most popular household moving month has become August followed closely by July and September. Once-popular May and October are far down the list today.

And more and more companies are paying for a new employee's hotel bills until his family can join him and settle in.

2. The moving counsellor. "It used to be," according to Jerome Cirkler whose grandfather founded and named one of the oldest moving companies in the

East, "you could tell a moving man by the scars on his back caused by the still-hot stoves he had to carry out to the cart."

"BUT TODAY," Cirkler said, "his back if fine but his brow is scarred. The heavy work of moving is nothing compared to the reassurance and counsel he has given to anxious mothers and scared children."

This problem is so big, in fact, that it has drawn serious consideration from—

3. The social psychiatrist. The late, eminent Dr. Clara Thompson explained that the old-fashioned household usually included three generations under one roof. But now, families are cut off from their older parents and grandparents by many miles and the values of mobility.

"Who else," Miss Palmer asked happily, "would buy a cooperative apartment for \$100,000 and then pay \$500 in monthly maintenance!"

April 12 at the home of Mrs. James Barclay.

Linda Barber and Dorothy Charlton participated in a program celebrating the 48th anniversary of Girl Scouting.

Businessmen Are Becoming Participants Instead of Spectators in Politics

By BRUCE BIASAT

Newspaper Enterprise Assn.
NEW YORK — American businessmen in 1960 are coming out of their walnut-paneled shells and junior executive cubbyholes to plunge in large numbers into the political arena.

Started by organized labor's huge triumph in the 1958 Democratic sweep, seeing their business affairs tightly enmeshed in politics, they've been spurred to build strength.

They're tired of pressing their case on lawmakers elected with somebody else's help, of being the "victims" instead of the makers of political weather.

Today battalions of businessmen who for a generation looked on politics as a spectator sport are invading the lowly precinct, getting calluses on their doorbell fingers, burning the late oil in dingy, converted stores and even running for office.

AS OF NOW some 70,000 businessmen in perhaps 4,000 companies have taken or are taking workshop courses in practical politics. They learn the basics ("What is a precinct? How do you pass a law? And then slip out into the field?").

One big company pioneering in politics has seen 300 of some 2,000 course members jump in. Two-thirds of these hold office. A workshop plan in Syracuse, N.Y., led 91 per cent of 300 participants to get their feet wet. Before their study, only 17 per cent had ever taken part.

Reports of businessmen active

in politics filter in from Schenectady, N.Y., Pittsburgh, Tampa, Fla., St. Louis, Minneapolis, Sturgis, S.D., Marshalltown, Ia., Marinette, Wis.—an endless list.

THEY FOCUS ON THE precinct, the ward, the school district, the political ground floor. It's the spot where the most can be done in a man's spare time, a vital factor for businessmen holding other regular jobs. Ninety per cent of the country's elective and appointive political jobs, mostly at the local level, are part-time.

At the local level, too, many business problems have their key: zoning, taxes, community facilities, worker housing, etc.

The time factor keeps most top executives out of active participation even in the small local units. Most recruits come from the men 35 to 45 in "middle management."

They have their own hazards. Company presidents and directors of "public affairs" may encourage their taking part. But immediate supervisors who count the times a man goes to the water cooler often frown on rising executives who sneak off early to headquarters, or use the telephone for politics in business hours.

INTRA-COMPANY worries over promotion and pay are not the only concern of the businessman in this new venture.

While alarmed at labor's successes, business fears its participation may stir new counter-force in the larger ranks of the workingman.

Long persuaded their public image is poor, businessmen also fear hostile reaction from other elements. And they wonder whether professional politicians may look on their effort as a move to "clean them out."

Yet surveys tell them 70 per cent of the people approve businessmen in government posts but only 39 per cent like to see labor leaders so placed. More good labels than bad attach to businessmen, in the public's view.

Ann Landers

ANSWERS YOUR PROBLEMS

Dear Ann Landers: My fiance is very handsome but he has extremely heavy eyebrows which grow together. It looks like he has one long eyebrow, instead of two.

I want to tweeze a little space between the brows so he'll look better. He says no real man would touch a tweezer to his eyebrows. Also he's afraid the fellows at work would die laughing if he did such a thing.

Honestly, Ann, this spoils his looks. Please tell me what to do.—KELLY.

Dear Kelly: The psychological effect of the tweezers is defeating you. Offer to use cuticle scissors instead. You'd be surprised what a good job you can do with them.

If you work gradually, the change will be less noticeable. And remember, he's not having his eyebrows tweezed, he's having them "tamed."

Dear Queenie: Sorry, I'm with Auntie on this one. Your aunt was an expected guest (though early) and you should have had the courtesy to drag yourself away from the ham hocks long enough to greet her.

If you happen to be at dinner when people call, the polite thing is to invite them to pull up a chair and have a cup of coffee.

The fact that you were eating does not justify your bovine behavior.

Dear Eagerly: Thanks for the picture. Yes, he is darling. You can do nothing but hope his Latin gets tough soon.

Don't breeze around your feelings or he might hear of it and get scared off. It's a man's world, Sugar!

Dear Landers: I will be glad to help you with your problems. Send them to her in care of The Salem News, enclosing a stamp and self-addressed envelope.

Mimi's Pimientos

Ingredients: 1 jar (4 ounces) pimientos, 1 tablespoon red wine vinegar, 2 tablespoons salad oil, $\frac{1}{4}$ teaspoon salt, 1-16 teaspoons coarsely ground black pepper, 1 medium sized garlic clove.

Method: Turn out pimientos to drain. To empty jar add the vinegar, oil, salt and pepper; peel and slice garlic and add; beat with a fork.

Replace draining pimientos; re-

cap jar. Chill 4 or 5 hours or overnight.

Cut in strips or squares and serve with crackers.

Sweet, Pungent Pork Is Buffet Specialty

With Hawaiian and Polynesian food becoming more popular, why not choose a Sweet and Pungent Pork for a party? Serve it with hot cooked rice or crisp canned Chin. If you have an electric skillet, attractive main course plate, serve buffet service.

You can arrange your ingredients' attractive bowls and cook the food directly on the buffet table. Or if you have an attractive skillet, bring that to the table and serve your Sweet and Pungent Pork steaming hot—directly from the skillet.

Sweet and Pungent Pork

1 lb. pork steak, 2 teaspoons kitchen bouquet, 1 tablespoon fat, 1 can (9 oz.) sliced pineapple, 2/3 cup pineapple syrup, 1/4 cup vinegar, 1 chicken bouillon cube, 2 tablespoons brown sugar, 1/2 teaspoon dry mustard, 1/2 teaspoon ginger, 1 can (6 oz.) sliced broiled mushrooms, 1 green pepper, cubed 2 tablespoons cornstarch.

Cut pork into 1/4-inch cubes. Place in suitable bowl and sprinkle with kitchen bouquet. Melt fat in frying pan.

Add pork and brown quickly over moderate heat. Drain pineapple syrup and add sufficient water to make 3/4 cup.

Add pineapple syrup, vinegar, bouillon cube, brown sugar, mustard and ginger. Bring to boil and cook, covered, for about 25 minutes. Cut each slice of pineapple into 4 pieces.

Drain mushrooms, reserving broth. Add pineapple pieces, mushrooms and green pepper, cut into 1/4 inch cubes.

Cover and heat thoroughly, about 5 minutes. Combine mushroom broth and cornstarch and stir into pork mixture.

Bring to boil stirring constantly until sauce thickens. Serve immediately, with hot rice and crisp Chinese noodles.

Sponge Cake

Ingredients: 1 1/4 cups sifted flour, 1 teaspoon double-acting baking powder, 1/4 teaspoon salt, 3 eggs, 1 cup sugar, 1 cup minced fruit pie filling, 1 cup finely chopped walnuts.

Method: Butter bottom and sides of a 9 by 9 by 1 1/4 inch baking pan; line bottom with waxed paper; butter paper.

Sift together the flour, baking powder and salt; put back in sifter. With rotary beater (hand or electric) in medium-sized bowl beat the eggs until thick and lemon color; gradually beat in sugar; mixture will be very thick and ivory color.

Gradually sift and fold in the sifted dry ingredients. Add pie filling and nuts; fold in. Turn into prepared pan.

Bake in slow (325 degrees) oven 45 minutes or until cake tester inserted in center comes out clean.

Turn out on wire rack; strip off paper; turn right side up. Serve warm or cold as is or with a tart pudding sauce or whipped cream.

Note: Use the minced fruit pie filling just as it comes from the jar; do not add water.

Spinach Loaf Is Lenten Vegetable Plate

What makes the difference between a vegetable plate your family will look on with indifference and one with which they'll be enchanted?

Shape and texture contrast are important. Imagine a vegetable plate with everything on it mashed! Some vegetables should be served whole or halved, some cut evenly in fairly large pieces and some may be finely chopped or mashed.

Color next. At least one green vegetable is the rule. Spinach, snap beans, green lima beans and peas all taste good and look attractive with such yellow vegetables as yams, Hubbard squash and carrots or such pale ones as Irish potatoes and white turnips.

A vegetable plate that usually

includes grilled tomatoes topped with melting gold cheese, broiled mushrooms, candied sweet potatoes and a loaf made from frozen spinach. The loaf stays a pretty green because the spinach is defrosted and drained, then added uncooked.

Spinach Loaf

Ingredients: 2 packages (10 ounces each) frozen chopped spinach, 2 tablespoons butter or margarine, 2 tablespoons flour, 1½ teaspoon instant minced onion, 1 teaspoon salt, ½ to ¾ teaspoon nutmeg, pepper, ¾ cup undiluted evaporated milk, ½ cup spinach water, 4 eggs (slightly beaten).

Method: Defrost spinach and drain, pull apart with fork but do not press down.

Melt butter in a medium-sized

saucepans over low heat; stir in

flour, onion, salt, nutmeg and a dash of pepper.

Add undiluted evaporated milk and water; cook and stir constantly until thickened and bubbly.

Turn drained spinach into hot auce and mix well over low heat. Stirring as you do so, pour some of the spinach mixture over the slightly beaten eggs; return to saucepan and mix well.

Turn into a buttered baking dish (10 by 6 by 1½ inches). Bake in a slow (325 degrees) oven 45 minutes or until it looks set and firm on top.

Remove from oven and allow to stand 10 minutes. Cut in squares and remove with wide spatula or pancake turner. Serve at once. Makes 8 servings.
